Artistic Technical Optimal Model: 1:6 Scale Body + Internal MP3 Player + Recorder

The ATOMedia body is an artistically and technically optimized model! The shoulders pop in and out to allow for easy dressing. Create incredible poses with over 30 points of articulation crafted for subtle movements. It is compatible with other hi-end 1:6 scale figures and accessories.

With our the exclusive internal audio device, 1 gigabyte of storage, and over 25 functions you can play MP3 files, record your own WAV files. Download and manage files, as well as recharge the battery via a USB port.

Take your customizing to a new *dimension*!
